Prayer of the Table

Lord of life,

As we anticipate the feast before us
Let us first taste the sweetness of your love.

Help those who are here assembled
Remember that this bread and drink for which we thank you
Is only a shadow of your gracious love.
You feed our bodies with the fruits the land
But also you feed our spirits with joy,
Our hearts with goodness and hope,
Our souls with peace and mercy.

Let us partake of these
And all the fruits of the Holy Spirit.
And in so doing, let us always save some to share
With our brothers and sisters who still hunger,
And always make room at our tables
For those who still thirst.

Amen
